 ⊞ Also available in Smooth Fiberglass

All Heritage Fiberglass doors without glass are available as a Impact Shield product.

Entry System U-Factor: As low as .14
 (Tested to NFRC specifications for a 6 panel door with wood frame.)

Heritage Advantages

1 $\frac{1}{8}$ " Finger-jointed, 2-ply solid oak laminated stiles are locally manufactured exclusively for ProVia for both hinge and strike sides and are proven to provide increased rigidity and structural integrity.

Polyurethane core reduces energy loss.

Improved definition panel profile creates excellent shadow lines and distinct panel designs.

Lock area is reinforced to provide a solid mounting surface for decorative hardware.

Specially engineered fiberglass door facings will not dent and resist splitting, cracking and warping.

Variable-depth woodgrain texture with hand-applied stain imitates a wood door appearance.

Square-edge design offers an attractive wood door appearance.

A high-performance, composite material is utilized on all Heritage fiberglass bottom rails, giving excellent rot-resistance.

Heritage Smooth Fiberglass doors exhibit the same durable construction as woodgrain textured fiberglass featuring high-definition panel profiles.

(Only available in styles with  symbol shown on page 10)
